A MESSAGE FROM OUR CHIEF EXECUTIVE

COMMITTED TO SERVING AND GROWING TOGETHER

I am pleased to introduce myself as the Chief Executive of BHS. My name is Isis Amlak, and I am excited to have joined this vibrant community focused on connection and collaboration.

With over 35 years in the non-profit sector, I am committed to social justice, community-led initiatives, and amplifying marginalised voices through participatory approaches, advocacy and centering Diversity, Equity and Inclusive practices.

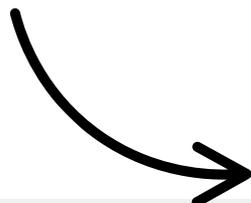

As a creative, neurodivergent leader inspired by Ubuntu, "I am because we are", I believe in supporting people to stand in their power, challenge oppression and build resilience.

BHS has a long history of fostering local relationships through its welcoming, accessible spaces in N16 and N4, which strengthen community networks and assets.

We invite you to get involved, volunteering, sponsoring, or supporting, to help us remain vibrant and inclusive. I look forward to working with you, hearing your ideas, and creating positive change together.

THE BOILER HOUSE IS GROWING

GEORGE DOWNING ESTATE

Outside Space

Having reached the end of its life, the old MUGA (multi-use games area) has been replaced by a new community garden, and a new MUGA has been installed beside Cazenove Road.

We will be planting the Rain Garden during March and plan to have the new MUGA open for the Easter Holidays !!

Indoor Space

We are expanding and renovating the Boiler House, adding new rooms, workspaces, and improved facilities. This will include flexible meeting and therapy rooms, a better kitchen, and more space to support community activities. Updates will follow.
